**DISTINGUISHED EDUCATOR**

**Adam Clinch**

*Capital High School*

Mr. Clinch immediately became one of my favorite teachers because of the way he created connections with each of his students in a personable and genuine way. Not only is he a great math teacher, he is a friend to all. He is responsible, making sure his students meet specific expectations, which aren't the same for every student. For me personally, he pushed me in all the right directions and made sure he helped in any way possible so I could continue being successful, not only in my math classes, but also in life.
